

SAFE ROUTES TO TRANSIT

Project Overview and Background

Nearly every passenger trip begins or ends on the roadside at one of MARTA's almost 9,000 bus stops, and missing sidewalks or unsafe crossings can create real barriers to mobility for MARTA's customers

MARTA's new Safe Routes to Transit (SR2T) program provides safe, accessible connections for at least 96 bus stops and amenities across three U.S. Congressional Districts (4, 5, 13). Learn more about SR2T at www.itsmarta.com/marta-board-advances-safe-routes.aspx

Site Selection Process

To identify, evaluate, and prioritize MARTA's 8,000+ bus stops into a list of potential projects, MARTA developed a three-step process to ensure equal distribution across the congressional districts and MARTA's service area.

Project Schedule

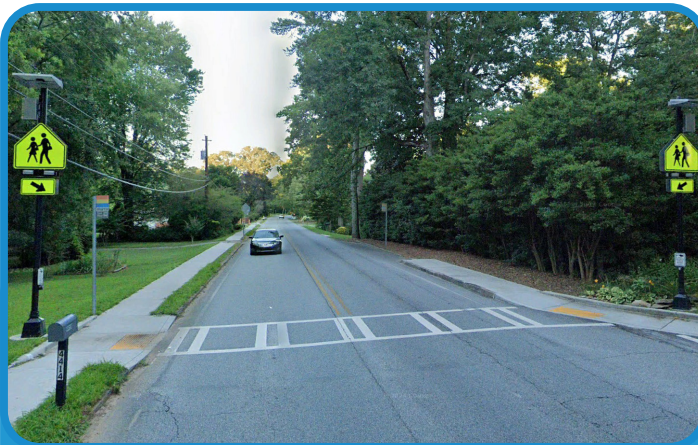

SAFE ROUTES TO TRANSIT

Concept Design

After the initial sites were selected a series of technical workshops were held to recommend remediations addressing each site's unique safety concerns.

Design elements include:

- Americans with Disabilities Act (ADA) ramps
- Sidewalk enlargements
- Pedestrian crossings & restriping

Briarcliff Road NE

Buford Highway NE & 2858

Rockbridge Road & Hambrick Road

Spring Manor & Chamblee Tucker Road

SAFE ROUTES TO TRANSIT

U.S. Congressional District 13
